

# Meeting 2020-12-21

🕒 Created	@July 6, 2021 1:51 PM
🏷️ Tags	

Who: Aristeia, Dominique, Toga

What: Project 2 imaging

When: 11 am

Notes:

**Aristea:**

**Agilent scanner**

**80 scans should be available**

**how does the injury compare across sites**

**Toga:**

**MR vs histology is interesting and important**

**take overview and a few high res sections**

**can we scan the sections at LONI?**

**email Craig about file format**

**Target Meetings:**

**Monday 2pm eastern:**

**Combined EEG/MRI?**

**Start Jan 11?**

**Action Items:**

**Einstein will scan 10 shams**

**Compare injury with Project 1 sites**

**Make visualizations to show images**

**Email Craig about file format**
